

HEALTH SERVICES

In compliance with law, the Board may require students to submit to periodic health examinations to:

- A. protect the school community from the spread of communicable disease;
- B. determine that each student's participation in health, safety, and physical education courses meet his/her individual needs;
- C. determine that the learning potential of each child is not lessened by a remediable physical disability;
- D. determine if participation in physical education classes would be harmful to the individual.

The Corporation shall specify the need for services, which may include, but not be limited to:

- A. student physical examinations;
- B. athlete physical examination;
- C. dental examination;
- D. vision screening;
- E. audiometric screening;
- F. head lice screening;
- G. scoliosis screening.

Any health services program should also include instruction to staff members on the observance of students for conditions that indicate physical defect or disability.
