eBackpack Access for Parent/Guardian

Our learning management system, eBackpack, proudly supplies a parent connection component that allows a student's parent/guardian to have visibility into the student's eBackpack to see a live feed of assignments, graded work, and turned in work. Below are instructions for how to start up your parent/guardian account.

1. Visit the webpage… parent.ebackpack.com
2. Click on the link "I need to create my parent account…"
3. You will be asked to enter information for a few fields, one being the parent code. Letters containing Parent Codes were sent home with students on Tuesday, September 23rd. If you did not receive a letter, please contact Fred Schnarr or your child's teacher for your parent code. (Note: this code may be used multiple times if parents/guardians desire separate parent accounts)
4. Once all fields are properly completed, click on "create My eBackpack Parent Account"
5. You will receive an email to the address you provided that contains a verification link that you will need to click
6. Once you click on the verification link, your parent portal will be activated and you will have access to this account 24/7 from any internet connected device through the username and password you created.
7. Once you are logged in, you can add additional codes (if you have multiple students in your household) by clicking on "Add/Remove Children" in the menu on the left side of the screen. You will be able to access all of your students' information with just one parent account.

Please note: You can only access the parent portal through the web at parent.ebackpack.com.

If you have any trouble creating an account, please contact Fred Schnarr at 574-967-5125.

Thank you for allowing Carroll Consolidated School Corporation to partner with you in the education of your child.
